

STATEMENT OF SUBSTANCE OF INTERVIEW

[0005] Applicant would like to sincerely thank Examiner Featherstone for taking the time to interview this application on Tuesday, 25 May 2010.

[0006] During the interview, the proposed claim amendments were discussed. The Examiner suggested that the claim amendments overcame the documents of record. However, the Examiner suggested that an updated search and consultation with the Examiner's supervisor would be required.

[0007] Additionally, the Examiner suggested that "audio video" be added before "information" in several locations. He suggested that "fuller" be replaced with "larger" in three locations.
